THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1831/2003 of the European Parliament and of the Council of 22 September 2003 on additives for use in animal nutrition<sup>1</sup>, and in particular Article 10(5) thereof,

Whereas:

- (1) Regulation (EC) No 1831/2003 provides for the authorisation of additives for use in animal nutrition and for the grounds and procedures for granting such authorisation. In particular, Article 10(2) of that Regulation provides rules for the re-evaluation of additives authorised pursuant to Council Directive 70/524/EEC<sup>2</sup>.
- (2) Article 10(5) of Regulation (EC) No 1831/2003 imposes an obligation on the Commission to adopt a Regulation requiring the withdrawal from the market of feed additives for which no applications as required by Article 10(2) of Regulation (EC) No 1831/2003 were submitted before the deadline provided for in that provision. Similarly, a Regulation should be adopted concerning feed additives for which an application was submitted but subsequently withdrawn.
- (3) As the applications concerning the feed additives oct-2-enal, dec-2-enal, 2-hexenal, 3,5- octadiene-2-one, dec-2-enoic acid, phenethyl propionate, methyl decanoate, ethyl dec-2-enoate, ethyl dec-4-enoate, butylamine, 3-methylbutane-1-thiol, 2-methylfuran, 2-acetyl-5-methylfuran, 2-acetyl-3-methylpyrazine and picoline beta (3-methylpyridine) were withdrawn for the use for cats and dogs, these additives should be withdrawn from the market for the use for these animal species.
- (4) It is appropriate to allow for a transitional period within which existing stocks of the additives concerned, premixtures, compound feed and feed materials which have been produced with those additives may be used up in respect of cats and dogs, in order to allow interested parties to adapt to the obligation to withdraw those products from the market.

- (5) The withdrawal from the market of the products listed in the Annex does not prevent them from being authorised or from being subject to a measure concerning their status in accordance with Regulation (EC) No 1831/2003.
- (6) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,
