ANNEX

to the

Commission Implementing Regulation (EU)

**amending Implementing Regulation (EU) 2022/932 as regards minimum control
frequencies**

ANNEX

Annex I to Implementing Regulation (EU) 2022/932 is amended as follows:

(1) In point 1(a), the table is modified as follows:

(a) The entries for “Unprocessed bovine meat (including edible offal)”, “Unprocessed ovine and caprine meat (including edible offal)”, “Unprocessed porcine meat (including edible offal)” and “Unprocessed poultry meat (including edible offal)” are replaced by the following:

‘Unprocessed bovine meat (including edible offal)’	Minimum 0.01 % of the total number of slaughtered animals’
‘Unprocessed ovine and caprine meat (including edible offal)’	Minimum 0.002 % of the total number of slaughtered animals’
‘Unprocessed porcine meat (including edible offal)’	Minimum 0.0015 % of the total number of slaughtered animals’
‘Unprocessed poultry meat (including edible offal)’	For each category of poultry considered (broiler chickens, spent hens, turkeys and other poultry) minimum 1 sample per 5 000 tonnes of annual production (deadweight)’

;

(b) The entry for “Fresh hen eggs and other eggs” is replaced by the following:

‘Fresh hen eggs and other eggs’	Minimum 1 sample per 5 000 tonnes of annual production of eggs’
---------------------------------	-----------------------------------------------------------------

;

(2) Point 1(b) is replaced by the following:

‘Member States shall annually perform controls on ‘metals’ on minimum 10 % of the samples taken for each commodity group in accordance with the table of this Annex with the exception of the commodity groups ‘fresh hen eggs and other eggs’, ‘crustaceans and bivalve molluscs’, ‘animal and marine fats and oils’ and ‘processed products of animal origin.’.
