COMMISSION IMPLEMENTING REGULATION (EU) .../...

of **XXX**

amending Implementing Regulation (EU) 2019/1324 as regards the name of the holder of the authorisation for endo-1,4-beta-xylanase produced by *Bacillus subtilis* LMG S-2758 as a feed additive

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1831/2003 of the European Parliament and of the Council of 22 September 2003 on additives for use in animal nutrition¹, and in particular Article 13(3) thereof,

Whereas:

- (1) Endo-1,4-beta-xylanase produced by *Bacillus subtilis* LMG S-2758 was authorised as feed additive ('feed additive concerned') by Commission Implementing Regulation (EU) 2019/1324².
- (2) The holder of the authorisation for the feed additive concerned, Puratos, has submitted an application in accordance with Article 13(3) of Regulation (EC) No 1831/2003 proposing to change the name of the holder of the authorisation for the feed additive concerned to "EW Nutrition GmbH".
- (3) The proposed change of the terms of the authorisation is purely administrative in nature and does not entail a new assessment of the feed additive concerned. The European Food Safety Authority was informed of the application.
- (4) To allow EW Nutrition GmbH to exploit its marketing rights, it is therefore appropriate to change the terms of the authorisation concerned.
- (5) Implementing Regulation (EU) 2019/1324 should therefore be amended accordingly.
- (6) Since safety reasons do not require the immediate application of the amendments made by this Implementing Regulation, it is appropriate to allow a transitional period during which existing stocks of the feed additive concerned may be used up.
- (7) The measures provided for in this Implementing Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,
